The Bonita Unified School District will issue a Certificate of Compliance upon the payment of fees based on the following criteria:

2. Residential Addition/Expansion
Any addition or expansion of a present residential structure if it is accessible space. This would include additional bedrooms, family rooms, kitchens, or addition of this type of room. Excluded would be garages, unheated covered patios, storage sheds and patio additions. A fee is charged for all additions or expansions where the resulting increase in assessable space exceeds 500 square feet.
3. Commercial and Industrial new facilities shall include all enclosed space.
4. At the time of your submission of documents which provide the information needed to determine the square footage, the District will make distinction on the type of covered or enclosed space.

The applicant shall have the City Building Department complete the certification portion of the Request for Certificate of Compliance and the applicant will complete the form and bring it to the Bonita Unified School District, Business Office, at the above address between 8:30 am and 4:00 pm Monday through Friday.
6. The Bonita Unified School District will make every effort to process your application as quickly as possible but cannot guarantee immediate service.
7. The Certificate of Compliance will be issued upon receipt of a check in the amount of the calculated fees made out to Bonita Unified School District or will be issued as exempt if there are no fees due.
