

How to change your student Windows & Google Password

- This document describes how a student can change his or her Windows/Google password.

- These steps will only work if

- You know what your current Bonita USD password is.
- You are at a BUSD school site.

- If you have forgotten your password please contact your teacher or school site secretary who can reset your password for you.

Login Portal:

<https://sites.google.com/a/bonita.k12.ca.us/mybusd/>

Select the link to “Reset your Password”

Select the option that reads “I am a student- Change my password”

Welcome to the Bonita USD student password reset tool. This tool is designed to allow current Bonita USD students to change their Windows/Google password and to allow Bonita USD teachers to reset the passwords of their students

I am a student – Change my password

Confirm Identity and set a new password
