Medication Administration in School

A. GENERAL POLICY

1. Education Code Section 49423 and 49423.5 (Board Policy 5220) states that any pupil who is required to take, during the regular school day, medication prescribed for him/her by a physician, may be assisted by the school nurse or other designated school personnel.
2. No student shall be given medication during school hours except upon written request from a California licensed physician/healthcare provider who has the responsibility for the medical management of the student. All such requests must be signed by the parent or guardian.
3. A new form is required for each prescription change and at the beginning of each school year.

B. RESPONSIBILITY OF THE PARENT OR GUARDIAN

1. Parents/guardians shall be encouraged to cooperate with the physician to develop a schedule so the necessity for taking medications at school will be minimized or eliminated.
2. Parents/guardians will assume full responsibility for the supply and transportation of all medications. Controlled medications, when delivered to school, will be jointly counted by partner and health office designee.
3. Students are not permitted to carry prescribed or over-the-counter medication on a school campus. Exception noted on medication form.
4. Parents/guardians may pick up unused medications from the school office during and at the close of the school year. Medication remaining after the last day will be discarded.

C. RESPONSIBILITY OF THE PHYSICIAN AND PARENT OR GUARDIAN

1. A request form for prescribed medication must be completed by the pupil's physician, signed by the parent or guardian, and filed with the school administrator or his designated representative.
2. The container must be clearly labeled by the physician or pharmacy with the following information:
 - a. Student's name
 - b. Physician's name
 - c. Name of medication
 - d. Dosage and schedule
 - e. Date of expiration of prescription
3. Each medication is to be in a separate pharmacy container prescribed for the student by a California licensed healthcare provider.

D. RESPONSIBILITY OF SCHOOL PERSONNEL

1. The school administrator/designee will assume responsibility for placing medication in a locked cabinet.
2. Students will be assisted with taking medications according to the physician's instructions and the procedure observed by a school staff member.

E. RESPONSIBILITY OF STUDENT

1. Students will come to the Health Office for medication at prescribed times.
2. Students will not share an over-the-counter or prescription medication with anyone else.

If you have any questions or concerns, please do not hesitate to call (909) 971-8200 ext. 7021.

Sincerely,

Llona Mearig, R.N., District Nurse
