SUBJECT: 2019-20 UNAUDITED ACTUALS REPORT

The Unaudited Actuals Report is one of three financial statements that school districts are required to report to the State and provide to the public annually. Each report presents the actual results of financial operations for the year-to-date. The report presents information so that the District, County Office of Education, and State can review the District's fiscal viability for the current and two subsequent fiscal years. The three reports and the fiscal period reported are as follows:

Report	Period Covered	Filing Date
First Interim	July 1 - October 31	December 15
Second Interim	July 1 - January 31	March 15
Unaudited Actuals	July 1 - June 30	September 15

The Unaudited Actuals Report presents the final financial results for the fiscal year. The report presents detailed financial statements for each fund and account group of the District. Also included in the report is information concerning attendance, Local Control Funding Formula (LCFF), long-term debt, and other accounting and statistical information. The Unaudited Actuals Report provides the financial information that will be audited by our independent auditors, and that will be the basis of our annual Audit Report.

Report Format: The format for our annual financial reporting is dictated to us by the State. The State provides each district with a computer program to utilize their mandated format. The required format is very detailed; the actual report is over 100 pages long. For the purpose of this summary report, we have provided a comparative (prior year and current year) Statement of Revenue, Expenditures and Changes in Fund Balance for each fund. This statement reports actual results of operations for the fiscal years ended June 30, 2019 and 2020.

District Funds – All District funds, except for ASBs, are reported on the Unaudited Actuals Report. The District operates the following funds:

<u>General Fund</u>: The main operating fund of the District. All activities that are not required to be recorded in another fund are reported here. The majority of the dollar transactions of the District are recorded in the General Fund.

<u>Child Development Fund</u>: Reports financial activity related to parent-funded childcare programs run by the District.

Cafeteria Fund: Reports all financial activity from District Nutrition Services operations.

<u>Special Reserve Fund for Post-Employment Benefits</u>: Accounts for funds set aside by the District to fund post-employment health benefits. This fund was opened in fiscal 2016-2017 with a \$150,000 transfer from the General Fund.

<u>Building Fund</u>: Reports receipts from sales of capital facilities bonds and expenditures for facilities projects. All bonds have been sold; current revenues are interest income.

<u>Capital Facilities Fund</u>: Reports revenues received from developer impact fees and capital expenditures made necessary by growth in student enrollment.

<u>Capital Projects Fund-Blended Component Units</u>: Reports revenues and expenditures from the District's Recreation Assessment District (RAD).

Bond Interest and Redemption Fund: Reports taxes collected and repayment of capital improvement bonds.

The District is required to use Governmental Accounting Standards, which means that funds are kept on a modified accrual basis. In general, this means that only current receivables and payables are accrued. Long-term assets and liabilities are accounted for separately in two account groups:

<u>Long-Term Debt Group of Accounts</u>: Records debt that entails a multi-year commitment.

<u>Fixed Assets Group of Accounts</u>: Records capitalized fixed assets (buildings, land, equipment) and associated depreciation.

FINANCIAL SUMMARY: The total General fund experienced a net increase in the ending Fund Balance for the year. Both the Unrestricted and Restricted General Funds recorded a net excess of expenditures over revenues.

Summary results were as follows:

	Unrestricted	Restricted	Total General Fund

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero,

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A.	Indirect c	osts incurred in the current year (Part III, Line A8)	7,275,996.99		
В.	Carry-for				
	1. Carry	-forward adjustment from the second prior year	725,227.35		
	2. Carry	-forward adjustment amount deferred from prior year(s), if any	0.00		
C.	Carry-for				
		r-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect rate (9.19%) times Part III, Line B19); zero if negative	0.00		
	(appr	recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of oved indirect cost rate (9.19%) times Part III, Line B19) or (the highest rate used to er costs from any program (9.19%) times Part III, Line B19); zero if positive	(1,749,702.68)		
D.	Prelimina	ry carry-forward adjustment (Line C1 or C2)	(1,749,702.68)		
E.	Optional allocation of negative carry-forward adjustment over more than one year				
	Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.				
	Option 1.	Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	5.21%		
	Option 2.	Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-874,851.34) is applied to the current year calculation and the remainder (\$-874,851.34) is deferred to one or more future years:	6.03%		
	Option 3.	Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-583,234.23) is applied to the current year calculation and the remainder (\$-1,166,468.45) is deferred to one or more future years:	6.31%		
	LEA request for Option 1, Option 2, or Option 3
