1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Bonita Unified School District has historically provided arts education opportunities that surpass neighboring districts. We intend to use Proposition 28 funds to enhance these programs in the following manner. In elementary schools, funds will be used to provide visual arts or dance instruction and materials for students in first through fifth grade. Six of the eight schools will pool their funds to hire visual arts teachers. One school will hire a part-time visual arts teacher, and the final school will hire a dance teacher. The balance of their school funds will be used to pay for materials. In secondary schools, the plan for funds is contingent upon pending waiver approval. Schools will build upon existing visual and performing arts programs, spending the majority of funds on personnel, with the hiring of contracted specialists in the different disciplines (band, choir, theater, dance, art) to supplement our programs. Secondary schools will also pool funds to provide a section of arts and music instruction at our continuation school that serves students from both the comprehensive high schools. This will give our most marginalized students greater access to arts and music. Funding for certificated/classified employment at the secondary levels will be about 67% of secondary school funds. The remaining 33% of secondary school funds will be spent on materials and supplies to strengthen our programs and meet the needs of increased student enrollment.
