

How to Download a QR Code scanner application on your mobile device.

1. Open the application store on your mobile device.
2. Search: QR Code (almost all are free)
3. Choose a QR code application.
4. Click on Install or Download.
5. When you are ready to scan a QR code, hold your phone screen up to the School Age Care QR Code images, and it will automatically capture the QR codes.
6. You will be taken to a Google Form to complete.
7. Complete the form and submit.
8. This is a daily process for sign-in and sign-out as well as the COVID-19 Screening.
